TEGO® Foamex 830

Food Contact Information

Food Contact legislation pertains to the end product, such as food packaging and kitchen utensils. While information on raw materials can aid in compliance, ultimate legal adherence can only be confirmed upon completion of the finished product. The following conformities are contingent upon the product being utilized in accordance with technical data sheet specifications, such as its use as an additive or co-binder, and at the designated usage level.

EU: Regulation 10/2011

TEGO® Foamex 830 as an additive is not in compliance with EU-Regulation 10/2011 on plastic materials and articles intended to come into contact with food and its amendments, as active component is not included in the Union List.

The active component of TEGO® Foamex 830 is polymeric additive and only the monomers are listed in the Union List with (group) restrictions.

Please note that the other components used in TEGO® Foamex 830 are listed in EU-Regulation 10/2011 and do not have any restriction/ specification.

BfR Recommendation XIV and XXXVI

TEGO® Foamex 830 is in compliance with BfR Recommendation XIV (polymer dispersions) if used as a defoamer.

The active compound is a high molecular weight polymer for which SML-Restrictions acc. to Reg. (EC) 10/2011 apply.

Please note that the other components used in TEGO® Foamex 830 are listed in BfR Recommendation XIV (polymer dispersions) and do not have any restriction/ specification.

TEGO® Foamex 830 is in compliance with BfR Recommendation XXXVI (paper & paperboard) if used as production aid/sizing agent according to Chapter B production aid, part I. sizing agent No.10 Plastic dispersions.

Switzerland: SR 817.023.21 (Amended on 8. Dec. 2023; in force since 1. Feb. 2024)

TEGO® Foamex 830 may be used for the manufacturing of printing inks for packaging according to Swiss Ordinance 817.023.21. All components are either listed in ANNEX 10 or 2 without SML.

German Ink Ordinance (GIO) / Consumer Goods Regulation (BedGgstV)

TEGO® Foamex 830 complies with the compositional requirements for printing inks intended for direct and indirect contact with food as defined in German BedGgstV – status 2 December 2021. The components are either fully listed in Annex 14, table 1 or in Regulation (EU) No. 10/2011, Annex I, table 1. SML or specific restrictions apply.

China: GB 9685 – 2016

TEGO® Foamex 830 is not in compliance with GB 9685.

Japan: Japanese Positive List (PL) for Direct Food Contact

The Japanese positive list of substances used in synthetic resins for utensils, containers and packaging (UCP) in accordance with the implementation of the amended Food Sanitation Act came into force *on 1 June 2020. Since then*, Japan's Ministry of Health, Labour and Welfare (MHLW) published several draft versions of revised and restructured lists and continues to amend the lists and provisions during the granted five-year grace period. Therefore, the status of our products varies with the activities of MHLW and cannot be confirmed finally. Please, do not hesitate to ask for a temporary status in urgent cases.

USA: FDA

Based on a no-migration principle, TEGO® Foamex 830 can be used in compliance with FDA's rules for food contact if used as an additive up to a maximum use level of 800 mg/sqm food contact area.

The field of application includes all types of plastics, paper, coatings or adhesives. The use should be consistent with Title 21 C.F.R. (Code of federal regulation), including e.g. 175.105, 175.300, 176.170, 176.180.

Mercosur:

TEGO® Foamex 830 has not yet been evaluated regarding Mercosur regulation.

**EUPIA EXCLUSION LIST FOR PRINTING INKS AND RELATED PRODUCTS*
(6th Edition of March 2024)**

For Selection Criteria A and B: Please refer to Safety Data Sheet (Chapter 3).

We would like to confirm that we do not expect the presence of substances listed in the EUPIA “Exclusion List for Printing Inks and Related Products”, in Selection Criteria C and Substances Lists D to G in TEGO® Foamex 830.

Detailed information of the guidance can be found under the following Link:

EUPIA Exclusion List for Printing Inks

**Nestlé Guidance Note on Packaging Inks*
(Version October 2018)**

We would like to confirm that we do not expect the presence of substances listed in the ***Nestlé Guidance Note on Packaging Inks*** in TEGO® Foamex 830.

Finished food contact materials or articles containing this product as a component, need to comply inter alia with migration and/or extraction limits or any other restrictions – as specified in the applicable regulations. Verification of compliance with above mentioned limits/restrictions should be carried out in accordance with the respective rules. We would like to point out that it is in the sole responsibility of the manufacturer of the final material or article to assure the compliance under actual and foreseeable conditions of use, and to check it on a regular basis. The manufacturer of food contact materials or articles, containing this product as a component, must in particular ascertain that these finished materials or articles meet the general regulatory requirement that they do not endanger human health, or bring about an unacceptable change in the composition of the food or deterioration in the organoleptic characteristics thereof.

*The given information is based on and represents our current compositional knowledge (based on the knowledge of the production process, supplier information for raw materials and analytical data where applicable). In case of provided values these are considered to be typical concentrations and are not part of product specification.

Furthermore, the given information is intended for persons having the required skill and know-how and it does not relieve you from verifying the suitability of the information given for a specific purpose prior to use by testing, which should be carried out only by qualified experts. Use or application of such information is at your sole responsibility and risk, without any liability on the part of Evonik Operations GmbH.

All provided information is based on our present knowledge and experience and is true and complete to the best of our knowledge and belief. However, no warranty, whether expressed or implied, or guarantee of product properties in the legal sense is intended or implied.
