## Information on BREXIT and UK-REACH

Within the European Economic Area (EEA), Coating Additives business line of Evonik Operations GmbH exclusively uses substances which comply with EU-REACH. The substances contained in the products you purchase from us in EEA are in compliance with the requirements of the EU-REACH regulation (Regulation no. 1907/2006).

In view of the exit of Great Britain from the EEA (BREXIT) we assure, that we have implemented well established internal processes supported by audited systems to preserve our current product range.

Furthermore, we confirm that we take appropriate measures to ensure supply and compliance of our products after a BREXIT. This includes the Downstream User Import Notification (DUIN) of the relevant substances contained in quantities above 1 ton per year in our products marketed in GB until 27.10.2021 according to UK-REACH as well as the subsequent registration of these substances within the respective registration deadlines (10.2023, 10.2025, 10.2027) depending on substance type and quantity, via a third party, acting as our only representative in Great Britain in accordance with our business decision.

Please note, that it is only possible for GB-based companies that were downstream users or distributors in the 2 years before the end of the Transition Period (1st January 2019 – 31st December 2020) to take advantage of the DUIN process (Article 127E).

We trust that the provided information ensures you to purchase REACH compliant products from Coating Additives business line of Evonik Operations GmbH.
