### **TEGOMER®** Additives for Scratch and Mar Resistance

### ADD VALUE TO YOUR COMPOUNDS

TEGOMER<sup>®</sup> AntiScratch 100 TEGOMER<sup>®</sup> H-Si 6441 P

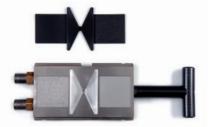

## Strong partners to improve the scratch and mar resistance of your thermoplastics

#### The right additive for any type of polymer

- Durable & long term stable scratch resistance of PP/talc compounds
- · Absolutely odorless
- Enhanced mechanical properties
- No migration/No fogging
- Excellent printability and paintability
- Suitable also for reinforced compounds
- Perfect smooth surfaces without tackiness

#### Our technical service - an offer for you!

Beside unique additives we provide various measurement devices to offer a perfect technical service to our customers
